

## Smart English Principles:

1. We are not learning English speaking; we already speak and listen to some Level.... increasing the capacity.
2. **Speaking English is a Habit to develop, not a subject to Learn and remember.**
3. We are not Learning everything, Only Functional English.
4. **Not Translating not Memorizing, Getting Habitual.**
5. Learning is 10% Practice and Repetition is 99%.
6. **Listen, read, speak specific Vocabulary not everything in English to Translate.**
7. Not 100 words, But 1 word Hundred times.
8. **Learn English through ears not through eyes.**
9. Grab every opportunity to practice speaking.
10. Be in the Flow of English speaking and listening (either of two should be repeated multiple times in a day)
11. **Make A Language buddy and practice with him/her.**
12. Functional Grammar/ not whole academic comprehensive Grammar.
13. **Don't judge and compare your English-speaking skills until you spend enough time with Process.**
14. Make it clear that you are Learning English to speak only (not for knowledge, exam, Grammar etc)
15. **Stories, Essays are the best sources of spoken English. (Not Newspaper, academic books)**
16. Trainer's Role is just 10% Learner's 90% (Only Umpire)
17. **No Passive Listening, Active participation.**
18. Method + Motivation = Great Improvement (Engine + Fuel)
19. **Habit Formation: Make it Visible, Attractive, easy to do, Reward for better Results.**
20. Maintain high state of feeling while Practicing English speaking.
